Bill Nash-U Glass It 67 Buck Road suite 142 Huntington Valley PA 19006

Bill

I finally finished all of the work on my swimming pool. I must say I am still in complete shock. It took almost 1 month to complete my pool and we have to remember I live in Florida, and unfortunately I can't control the weather. I followed all of the directions after my first little mistake not following the directions. Needless to say a kid from Manhattan N.Y. completely renovated his swimming pool. I am enclosing pictures of my before and after and if anyone is like me seeing is believing I am a true believer. Bill was fantastic and dealt with all my issues directly, and answered all of my annoying questions. Actually was with me from start to finish. I would seriously recommend Bill-U Glass It for any fiberglass pool repair project. I have my own business and as everyone well knows with the economy being the way it is we all have to watch our Money!! I personally saved over 5,000 dollars. You have to put the time and effort in but the end result is phenomenal. I actually have people asking me to do their pools. Watchout Bill. Again, thanks, also to Sarah and your staff you guys are all great you will be highly recommended by me, we both know you can please everyone. Wishing you continued success. God Bless.

Sincerely,

Benjamin Rodriguez
